## CLARTAN - PATRIMOINE, Class C (LU1100077442)

a sub-fund of CLARTAN SICAV

Management Company: CLARTAN ASSOCIÉS

## Objectives and investment policy

**Management objective:** CLARTAN - PATRIMOINE is a precautionary savings product that seeks to increase the capital invested over a period of more than 2 years, with the intention of preserving it.

**Benchmark:** Given the discretionary investment style, the sub-fund does not have a relevant benchmark. The sub-fund is actively managed without reference to a reference index.

**Investment policy:** For the part of the sub-fund invested in bonds, the investment policy is chosen depending on the maturity of the portfolio and the quality of the issuers. The part of the portfolio not invested in bonds is known as bottom-up, which means that the financial analysis of bond and share issuers takes precedence for investment decisions over the perception of the financial markets and the economic and political environment, which supports the decisions.

The sub-fund invests:

- between 50% and 100% of its net assets in debt securities and money market instruments, of which at least 50% of its net assets are in bonds rated at least BBB- by Standard & Poor's or equivalent, denominated in euros. The sensitivity of the bond portfolio will be between 0 and 10. Debt securities may in particular but not exclusively be sovereign bonds, "corporate" bonds or bonds indexed without maturity constraint, securities assimilated to shares or bonds such as convertible bonds, bonds with warrants, negotiable debt securities and more specifically indexed debt securities;
- up to 35% of its net assets in shares of listed companies without sectoral or capitalisation restrictions, with a maximum of 20% of its net assets in listed shares of companies in emerg-

ing countries that do not belong to the OECD (including Chinese companies and in particular Chinese A shares listed on the markets of the People's Republic of China via Shanghai-Hong Kong Stock Connect and Shenzhen-Hong Kong Stock Connect), priority dividend shares, investment certificates and in equity securities.

The sub-fund may invest up to 10% of its net assets in UCITS and/or other UCI units, with a maximum of 5% in money market funds for cash balance management.

The sub-fund may, from time to time, buy or sell options and forward financial derivatives:

- to protect them against drops in the equity or foreign exchange markets;
- to improve their performance by seeking out a better purchase or sales rate.

Exposure will be limited to 100% of the assets.

Any investor who would like a more detailed description of the investment strategy and the assets used is invited to refer to the prospectus.

**Income appropriation:** capitalisation

**Recommendation:** More than 2 years. This sub-fund may not be appropriate for investors who plan to withdraw their money within this period.

**Redemption of shares:** The investor has the right to redeem their shares upon request. Redemptions take place each bank business day in Luxembourg and France, except bank holidays in Luxembourg and public holidays in France. Investors should take note that in exceptional circumstances, they may only have a limited possibility to request a redemption, or this possibility may be suspended.
